Everyone Unique. Everyone Included. Everyone Successful

Your child is an AMAZING public speaker, presenter and performer.

Give your child the chance to prove to it you ... in English!

Testimonials

"Lukas was so excited about your class, that he asked me if he could have a class with you every single day." Lenka D., Prague

"Thanks again for being so great with Kay; she just loves your lessons, which makes me very, very happy" Kvetka U., Prague

"Your teaching Jáchym was always fun interesting, creative. Although he is more introverted, with your leading, he is not afraid to use English anymore."

Iveta P, Prague

"Cham loved it! She actually regrets it's a holiday week!"

Daniá A., Prague

"I must say that we are very happy for such a progress with Sofie, for such a short time...! And she sounds so mature, in the way that she thinks and acts.

Thank you very much for all your efforts and nice job with our kids!!!!"

Marketa T., Prague

"Sebi is the type of person who doesn't like to go anywhere for some activities for children (kroužek), but only English. He likes it a lot, and that is thanks to you."

Gabriela A., Prague

"I think children can't wait to see you after a long time and of course to see new toys and other fantastic things you always prepare for them!

Thank you for all your care!"

Lucie N., Prague

About me

My name is Eurydice Prentoulis, but you can call me Evie. For the past 16 years, I have taught English, French and Spanish in public, private and Montessori schools in Los Angeles, New York City and Prague from pre-K to adults. I have an MA in French and Romance Philology from Columbia University, an ESL based New York State permanent teaching certificate, and IB training for Spanish and French. I also taught in NYC adult ESL immigrant immersion programs, and special-needs children through a NYC home schooling program. I am a dual citizen of Greece and the United States. I speak eight languages and use them to feel at home everywhere I go. I use my experience to inspire children to be curious and knowledgeable about the world around them.

What the workshops will bring to your kids

- Montessori-style, multi-disciplinary English training
- English speaking practice in a FUN and SAFE environment
- working together and being part of something
- Science Fiction, Magic Realism, Comedy! Made by the children themselves
- Geography, History and Science made FUN by creating and performing stories
- Practicing tolerance and seeing the world from multiple perspectives
- ACTIVE LEARNING
- Being the center of attention, or being a part of the production
- Zillions of authentic materials, funny toys and costumes for role-play!

The structure of a typical Global Kids workshop

Global Kids workshops are available to private and public primary schools by appointment. I offer one free demo lesson with a pre-assembled group of kids, on first contact. The price of each workshop will depend on the location and number of workshops. Workshop groups are kept small, from a minimum of 5 students, to a maximum of 10 students per group. Students are required to sign up for a minimum of 5 workshops. Each workshop will last 90 minutes with a small break in the middle. Location and times will be agreed upon in advance.

Over 5 weeks (with one 90 minute workshop per week), students will:

Practice English through academic themes turned into fun games
Use toys and authentic materials to create a story
Perform the story (fantasy play film making) or report the theme (documentary making)

Discuss, make-believe practice and perform many every-day, practical situations

Become a "expert", a teacher and a comedian!
